As exhilarating as winning game seven, more off-the-wall than Don Cherry's fashion sense, and naughty enough to draw a five-minute major: *Music From Five Hole: Tales of Hockey Erotica* is a musical collection of engrossing, tender and hilarious songs about the steamy underbelly of our national sport.

Full of sex, rock & roll and high-sticking, the theatrical tour of Five Hole: Tales of Hockey Erotica is co-created and performed live by two of Canada's best known creative forces: Calgary's One Yellow Rabbit Performance Theatre and The Five Hole Band. The play features original music composed specially by the band.
