

# A Peanuts Christmas

## The 2009 Zunior Holiday Album

album.

Jill Barber's warm and toasty version of "The Christmas Song" will have you curling up like Linus with a favourite blanket. "Christmas Time is Here" by Vancouver's Awkward Stage is cooler than Schroeder's attitude to Lucy. "Skating" by Mike O'Neill is pure Peanuts winter magic.

The cover art was commissioned exclusively for this project by illustrator Trevor Waurechen ([www.waurechen.com](http://www.waurechen.com)). Check out the Peanuts all grown up hanging at their own cocktail party. Times really have changed.

100% of the retail sale price of this album will be donated to the Daily Bread Food Bank. This digital-only release is available exclusively on Zunior.com - the little digital music store, Canada's source for independent digital music since 2004.

The digital album can be purchased today for only \$8.88 at <http://peanuts.zunior.com>.
